

There Is a Reason Why

You should see our new Foot Lift Sulky and Gang Plows. You will be surprised to see the bottom raise or lower and the frame level up with one operation of a powerful foot lever.

You cannot see this at home—come and get into the seat. You will then know how easily and perfectly these plows work.

NEW BOOTS for Street Wear

An important item in any woman's street costume is her footwear. It demands style that is correct. It calls no less for comfort in walking. To be both comfortable and stylish is the important consideration with the discriminating woman in selecting her footwear.

To meet these requirements we know of no boots superior to the lasts we are now showing—style leaders, such as white nubuck, tan, Russia calf and patent leather button boots with the new round, full toe.

Fashionable designs, grace in every line, comfortable fitting lasts and a general tone of exclusiveness characterize these splendid boots.

The new "College Boots," for girls are here. Correctness of style is combined in these shoes with high-grade material, artistic finish and easy-fitting lasts. They come in tan and black, Russia calf and patent leather, welt soles and one-inch heels.

We guarantee these shoes to fit and to give splendid service. The new models, at popular prices will appeal to you.

MESSAGE OF SEC. GRAHAM

New Leader of Y. M. C. A. Enumerates Benefits of Membership; Campaign Starts Tomorrow With Over Fifty Men in Field

"One dollar for one month" is the slogan of the Y. M. C. A. campaign for new members, to be held Wednesday, Thursday and Friday of this week. This special offer will be good only for three days.

There should be one thousand members in the local association and a steady membership effort will be made to bring it to that point. A special effort will be made during this campaign to reach hundreds of young men and boys, as well as older men and business men, who never have taken advantage of the opportunities and privileges offered by the association, hence this special rate of one month for one dollar.

A special effort will be made, also, to reach the boys by giving them two and one half months for one dollar, and the intermediates, ranging from fifteen to seventeen years of age, will be given two months for one dollar. Thus it will be easily possible for every man and boy in Phoenix to try out the association without any inconvenience because of the cost.

For one dollar it is possible to get thirty baths in the finest system of shower baths, together with thirty swims in the finest swimming pool in the state. These baths and swims would cost twenty-five cents each in Los Angeles and other places where they are available, but cannot be had anywhere in Phoenix, except at the association; thus, for one dollar you get seven dollars and fifty cents' worth of baths.

It gives full privileges in a first-class gymnasium, with classes arranged to suit all, and taught by an expert physical director. The busy business man thinks he has not time to take up this work, but he is like the workman who has not time to sharpen his tools, and he will find that by taking the time to keep his body in the best physical condition he can do more work in less time, and get a great deal more pleasure and enjoyment out of life.

Also gives the privilege of bowling in the best alleys in the city, at five cents a game, with congenial companions and pleasant surroundings; an opportunity to play pool and billiards on first class tables, in the very best moral atmosphere; free use of the best club room and reading room in the city, with all of the daily papers and late magazines at hand; the privilege of taking a living room in the best club building available, and at a moderate rate and with more elaborate accommodations than can be had in the best hotels; it gives opportunity to join a good tennis club and associate with select business men in this sport.

A membership in this association includes the privilege of joining different educational classes in the night school, by paying the class fee for same, and opportunities for joining good music clubs, such as an orchestra or a male chorus.

Plans have been laid for a strenuous campaign. Fifty-five workers have pledged themselves for help in soliciting members during the three days that this special rate of membership for one dollar will be given. More workers are needed. It is the desire of the management of the association to give an invitation to every eligible man and boy in Phoenix to join the association. If you can help in this campaign by seeing men and boys and urging them to join the association, be sure to do so. If you are not a member already, just come around at once to the association and join and then start out along with the other fellows.

The ladies can help in this campaign work just as well as men; and boys are needed, also. Pass the word along. J. LANGRUM GRAHAM, General Sec'y, Phoenix Y. M. C. A.

ting of water rent agreements. To those who are coming into the office with applications, is given the sign to wait a while. While the signing up of water contracts is generally left until the last of the month, the crush this year will be unusually great.

The convention of the National Federation of Water Users' Associations takes place in Salt Lake just before the irrigation congress. The members will get in close touch with the larger organization. There will probably be several delegates appointed from the Salt River project.

The ladies can help in this campaign work just as well as men; and boys are needed, also. Pass the word along. J. LANGRUM GRAHAM, General Sec'y, Phoenix Y. M. C. A.

SIDEWALK RIDER

NEARLY KILLS BABY

Clothing and Legs of Little One Caught in Wheel Resulting in Severe Injury.

Riding a bicycle upon a sidewalk, J. M. Bernal of South Second avenue, late yesterday afternoon, ran into the two-year-old child of Mr. and Mrs. C. M. Swope of 1014 South First avenue, while the little one was playing in front of its home, and narrowly missed grinding the tot to death in the wheels of the machine. As it was the child was dragged for twenty feet before the rider of the wheel was enabled to stop, sustaining bad bruises about the legs and back. The father of the child, who witnessed the entire happening, was so outraged at the wanton carelessness of Bernal that he roughly handled him before sending for the police.

The Swoopes had moved into apartments in the house but a few days ago. Their little child, who can scarcely walk, managed to reach the sidewalk and was playing with a pet dog unattended of any danger. Bernal came along the sidewalk, riding at a pretty good rate of speed. He was not even looking ahead, a drunken Mexican in the street occupying his attention. Before he knew it he was upon the child. The front wheel passed over the little one, and then his bare legs were forced through the spokes of the rear wheel, locking it and causing the machine to slide upon the pavement from its own momentum.

When the baby was taken from its perilous position, it was found that its clothing was nearly torn from its body and that both legs were cruelly bruised where they had come in contact with the wheel and acted as a brake. The mother picked the baby up while the father set upon the Mexican and gave him a severe beating. The police were then called but when Officer Maxwell reached the place, Bernal had made himself scarce. He was quickly located, however, and arranged for his appearance in police court this afternoon.

Chief of Police Moore stated last evening that any violator of the ordinance prohibiting riding of bicycles upon sidewalks would be severely dealt with. There has been special vigilance upon the part of the police lately and several offenders have recently been brought into court. Hereafter it is probable that they will be punished to the full extent of the law.
